PROFESSIONALS

OUR VISION

In 2002, HAY was established as a new kind of design company in Denmark. Motivated by the certainty that good design is everyone's right, HAY set out to innovate new ways to answer the ever-evolving needs of the modern world – but at a more accessible price point than industry standards.

Co-founders and Creative Directors Mette and Rolf Hay committed to working with their generation's best designers from all over the world to create high-quality products that would be available to a wide audience.

This founding principle has always been HAY's DNA, and it remains at the core of the company's culture today.

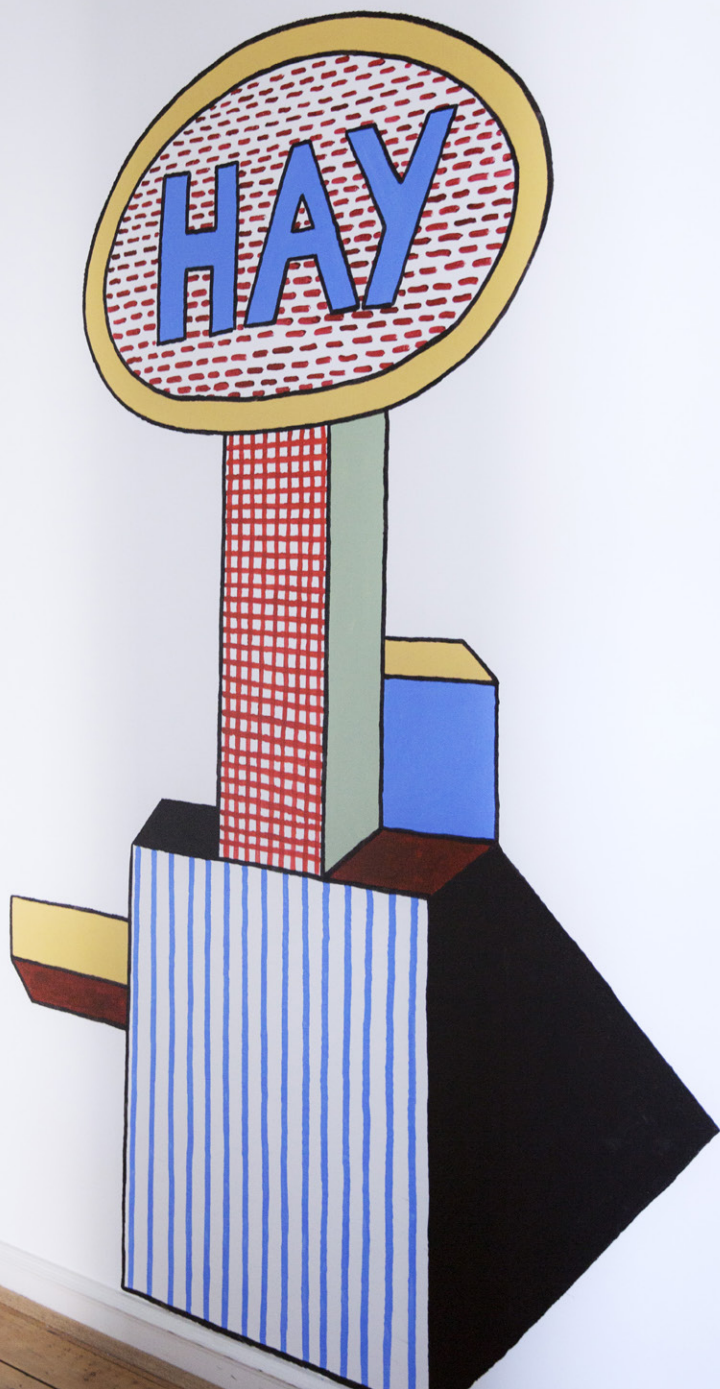

AT A GLIMPSE

In 2003, HAY's first furniture collection launched at IMM Cologne, and the first HAY shop opened in Copenhagen.

Today, there are 31 HAY stores throughout Europe, Asia, and USA.

In 2019, US-based designer and furniture manufacturer Herman Miller Inc. acquired a majority share of the company and the North American distribution rights. Rolf and Mette Hay retain their ownership of the remaining part.

US stores have opened in Portland, Oregon; Chicago, Illinois; and Costa Mesa, California, with more stores to come.

SUSTAINABLE STRATEGY

At HAY, we work to design and produce long-lasting, functional products that people want to live with for many years. Our commitment to reduce our environmental footprint also includes using resources in a sustainable way, so we strive to utilize the most efficient and environmentally conscious methods, tools, and materials available.

We recognise that our actions have a significant environmental impact, and we therefore take our responsibility to contributing to a greener future seriously. We aim to be climate positive in everything that we do, with focus on the three areas below:

SUSTAINABLE DESIGN

DURABLE PRODUCTS

LOCAL PRODUCTION

[LINK TO ENVIROMENTAL PROFILE](#)

[LINK TO SUSTAINABILITY MANIFESTO](#)

[LINK TO SUSTAINABLE PRODUCTS](#)

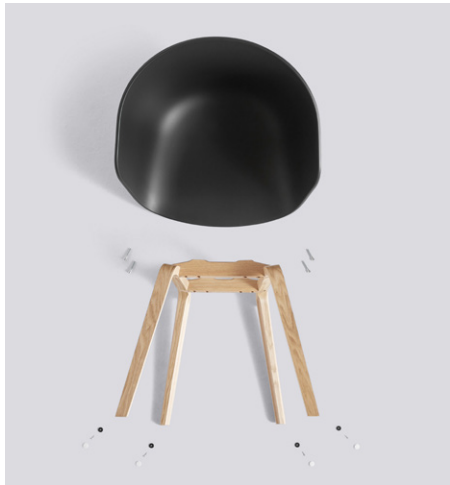

ECOLABELS

The Nordic Swan Ecolabel is the official ecolabel in the Nordics and the EU Ecolabel is the official ecolabel in Europe. They work to reduce the overall environmental impact from production and consumption. To ensure maximum environmental impact, the Nordic Swan Ecolabel and the EU Ecolabel take an entire life cycle approach and look at the full product journey. This means that the ecolabels evaluate the environmental impact of the specific product type and set requirements in all relevant stages of the product life cycle – from raw materials, production and use, to waste, re-use and recycling.

Both the Nordic Swan Ecolabel and the EU Ecolabel promote circular economy and are powerful tools for securing a sustainable future. HAY supports this by developing sustainable, quality products that are designed to last. All constructed with the focus on the disassembly and recycling of the product at the end of its life.

[LINK TO ECOLABELLED PRODUCTS](#)

FSC CERTIFICATION

HAY is FSC™ certified. FSC™ (Forest Stewardship Council) is an international non-profit organisation and a labelling system for wood and paper that originate from sustainable forests. HAY has received the FSC™ certificate for a number of products. We are continually working on increasing the number of FSC™ certified products in our wooden-furniture collection.

[LINK TO FSC-CERTIFIED PRODUCTS](#)

INDOOR AIR QUALITY CERTIFICATION

The SCS Indoor Advantage™ Gold certificate is awarded to products that meet strict indoor air quality emission requirements. All certified products have undergone emission testing at accredited, independent laboratories to ensure that they meet the specified limits for VOCs (Volatile Organic Compounds). Furniture certified with this label reduces exposure to air pollution, thereby improving air quality and supporting a healthier indoor environment.

[LINK TO CERTIFIED PRODUCTS](#)

HAY AND THE CONTRACT MARKET

HAY has always worked closely with the contract market, supplying affordable, durable, highly functional products to clients across the public sector, from universities to hospitals, offices, cafes, and hotels.

We have strong relationships with our clients, and pursue regular collaborations with international names including

Novo Nordisk, LEGO, Danske Bank, Copenhagen University, Aarhus Airport, Comwell Hotels, Joe & the Juice, Bestseller, Citroën, MoMA, Microsoft, Google, Credit Agricole, Post Nord, Cobe Architects, WeWork

[LINK TO CASES](#)

SEATING

A row of three modern chairs is displayed on a white, reflective platform. From left to right: a black chair with a curved back and wooden legs; a beige upholstered chair with a curved back and metal legs; and a white chair with a curved back and wooden legs. The background is a plain, light-colored wall. The floor in the foreground is made of light-colored wood with a herringbone pattern.

Pyramid Table 01
[LINK TO PRODUCT INFORMATION](#)

A white rectangular desk with a white adjustable desk lamp. An open book lies on the desk surface. A brown leather office chair with a black five-star base and casters is positioned in front of the desk. A yellow perforated metal trash can sits on the floor to the left of the desk.

A dark metal shelving unit with multiple shelves. On the right side, a glowing mushroom-shaped lamp is placed on a shelf. The unit also holds several books and decorative objects.

A dark metal shelving unit on the left side of the desk. It holds a stack of books, a purple vase, a green vase, and a white elephant figurine. A window is visible behind the shelving unit, showing a view of a building.

A small, round, reflective table with a black base, partially visible in the foreground.

A white shelving unit with a perforated back panel. The unit has a white front with three horizontal black stripes. It holds several books and two green decorative items. The books are arranged on the shelf, and the green items are placed in front of them. The back panel is perforated with small holes.

A wooden armchair with a brown leather seat and backrest. The chair is made of light wood and has a simple, modern design. It is positioned in the foreground, partially visible.

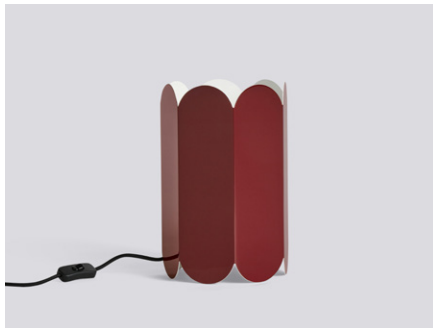

A textured rug with a woven pattern, featuring a mix of light and dark colors. It is positioned in the foreground, partially visible.
